

School of Business, Economics and Social Sciences, University of Graz
Courses open for CESENET in Winter Semester 2019 - Scheduled Dates

320.505 Decision and Game Theoretic Modelling

Type	Lecture/Practical
Lecturer	Kuzmics, Christoph
Organisation	Institute of Economics
ECTS	Credits for PhD studies: 3
Content	Critical review of models of strategic and nonstrategic decision making – including collective decision making (social choice and public choice) and game theory.

Day	Date	from	to	Place	Comment
Fri	04.10.2019	09:00	10:00	LS 15.03	regular class

**320.509 Quantitative Empirical Methods and Econometrics
(Measuring Movements in House Prices)**

Type	Lecture/Practical
Lecturer	Manner, Hans
Organisation	Institute of Economics
ECTS	Credits for PhD studies: 3
Content	<p>The main themes covered in this course will be the following:</p> <ul style="list-style-type: none"> (i) Construction of house price indexes (median, repeat sales and hedonic indexes) (ii) Trends in housing affordability (iii) Efficiency of housing market (is it prone to booms and busts)? (iv) Derivative markets on house price indexes (v) Housing in the CPI and implications for monetary policy

320.515 Doctoral Colloquium 1 (Economics)

Type	Doctoral Colloquium
Lecturer	Steininger, Karl
Organisation	Institute of Economics
ECTS	Credits for PhD studies: 3
Content	Ph.D. candidates present their dissertation projects which will be discussed. The focus of DQ1 is on the general problem tackled, a literature review, the central research questions and the employed methods in the dissertation. All supervisors of the participating candidates have to take part in this colloquium, but all other Ph.Ds. in economics are also be invited. Besides the students' presentations invited guest speakers will give talks on their current research topics.
